

NO PEACE WITH KAISERISM

PRESIDENT WILL HAVE NO MORE DEALINGS WITH AUTOCRATIC GOVERNMENT

WASHINGTON, Oct. 14.—President Wilson has answered Germany's peace proposal with a decision which not only fulfills expectations of supporters of his diplomacy, but also dispels fears of those who predicted he would substitute victory at arms with defeat at diplomacy. No peace with kaiserism; autocracy must go; no armistice can even be thought of while Germany continues her atrocities on land and sea; one cannot be considered unless it fully is dictated by the allied commanders in the field in such terms as absolutely provide safeguards and guarantees that Germany's part will not be a scrap of paper. This in a few words is the president's answer. If it does not bring a capitulation which may be more than an unconditional surrender, allied diplomats and American officials believe it may cause a revolution in Germany.

Beyond question it speaks for the entente allies as well as the United States.

Troop Movements Will Continue

The despatch of the president's reply was followed by this formal statement at the White House by Secretary Tumulty:

"The government will continue to send over 250,000 men with their supplies every month and there will be no relaxation of any kind."

Outside formal phrases of a diplomatic document that was president Wilson's word to the world that he had no thought of stopping the fighting at this stage. The senate chamber rang with applause of senators as the president's answer was read a few minutes after it had been announced at the state department. Senator Lodge, the president's chief critic in his course until today, issued a statement expressing his gratification at the president's decision. Opinion at the capitol and through official Washington was unanimously in approval.

The official which will convey the president's decision to the German government and more important to the German people was delivered today by Secretary Lansing to the charge of Swiss legation who has been acting as the intermediary. It was given out publicly by Mr. Lansing at the department at six o'clock this evening.

One outstanding point which does not appear in the president's note—a point on which the world has been asking questions can be answered tonight.

Germany Must Rid Itself of Kaiserism

When the president declared that the wrong done to France when Germany took Alsace-Lorraine should be righted, he meant that Alsace-Lorraine should be returned to France. Those who contend the president's decision arranges the situation for something more than an unconditional surrender base it on the argument that he has now passed the stage where he might have accepted a surrender of the German military and naval forces and left the Hohenzollern autocracy on its throne.

Mr. Wilson according to this view has now finally informed the German people that if they want peace they can only attain it by getting rid of the kaiser and his system.

An armistice, it is true, might come first and the details of the downfall of the German autocratic government might be arranged later. But, this is what an armistice would entail:

First, a stop to the atrocities on land and sea and the systematic destruction and devastation in the wake of the retreating German armies. Then the disarmament of all the German forces and the deposit of their arms and munitions at points to be chosen by the allied military commanders. Then the occupation by allied forces of certain German cities or strongholds of strategic importance. Probably also the occupation of all the submarine bases a turning over of the German fleet.

In short it would entail taking from Germany everything with which she might break her word to an armistice.

From that point the United States and the allies might proceed to dispose of all that remained of kaiserism if the German people have not done it before as President Wilson in his note plainly invites them to do.

Guilty Parties Must Pay Penalty

Nowhere in the note does the president openly join with the entente statesmen in demand that the "chief criminals" must be delivered up for trial but his confidential point out he plainly subscribes to the doctrine that guilt of bringing on the world war is personal.

It will be noted the president completely rejects the German suggestion for a mixed commission to arrange an evacuation and reminds the militarists they will accept the terms laid down by Marshal Foch and the associated commanders but will have no part in framing them.

He makes it plain he does not accept the new German government headed by Chancellor Maxmilian as anything less autocratic, anything less a creature of German militarism, than its predecessors and warns the German people unless they destroy it the allied armies will do so.

One of the most important points in the note is that in which he acknowledges the present German government's unqualified acceptance of his peace terms and then goes on to show these terms provide specifically for the substitution of a government wholly responsible to the German people themselves for the present one dominated by the German militarists.

Wilson's Reply to Germany

WASHINGTON, Oct. 14.—The text of President Wilson's reply follows:

"Sir:

"In reply to the communication of the German government dated the 12th instant which you handed me today, I have the honor to request you to transmit the following answer:

"The unqualified acceptance by the present German government and by a large majority of the reichstag of the terms laid down by the President of the United States of America in his address to the congress of the United States on the 8th of January, 1918, and in his subsequent addresses justifies the president in making a frank and direct statement of his decision with regard to the communication of the German government of the 8th and 12th of October, 1918.

"It must be clearly understood that the process of evacuation and the conditions of an armistice are matters which must be left to the judgment and advice of the military advisers of the government of the United States and the allied governments and the president feels it his duty to say that no arrangement can be accepted by the government of the United States which does not provide absolutely satisfactory safeguards and guarantees of the maintenance of the present military supremacy of the armies of the United States and the allies in the field.

"He feels confident that he can safely assume that this will also be the judgment and decision of the allied governments.

"The president feels that it is also his duty to add that neither the government of the United States, nor, he is quite sure, the governments with which the government of the United States is associated as belligerent will consent to consider an armistice so long as the armed forces of Germany continue the illegal and inhumane practices which they still persist in.

"At the very time that the German government approaches the government of the United States with proposals of peace its submarines are engaged in sinking passenger ships at sea and not the ships alone, but the very boats in which their passengers and crew seek to make their way to safety; and in their present enforced withdrawal from Flanders and France

the German armies are pursuing a course of wanton destruction which has always been regarded as in direct violation of the rules and practices of civilized warfare. Cities and villages, if not destroyed, are being stripped of all they contain, not only, but often of their very inhabitants.

"The nations associated against Germany cannot be expected to agree to a cessation of the war while acts of inhumanity, spoliation and desolation are being continued which they justly look upon with horror and with burning hearts.

"It is necessary also in order that there may be no possibility of misunderstanding that the president should very solemnly call the attention of the government of Germany to the language and plain intent of one of the terms of peace which the German government has now accepted. It is contained in the address of the president delivered at Mount Vernon on the Fourth of July, last.

"It is as follows:

"The destruction of every arbitrary power anywhere that can separately, secretly and of its single choice disturb the peace of the world, or if it cannot be presently destroyed, at least its reduction to virtual impotency."

"The power which has hitherto controlled the German nation is of the sort here described. It is within the choice of the German nation to alter it. The president's words just quoted naturally constitute a condition precedent to peace, if peace is to come by the action of the German people themselves. The president feels bound to say that the whole process of peace will in his judgment depend upon the definiteness and the satisfactory character of the guarantees which can be given in this fundamental matter. It is indispensable that the governments associated against Germany should know beyond a peradventure with whom they are dealing.

"The president will make a separate reply to the royal and imperial government of Austria-Hungary.

"Accept Sir the renewed assurances of my high consideration.

(Signed) "ROBERT LANSING.

"Mr. Frederick Oederlin,

"Charge d'Affaire, ad interim, in charge of German interests in the United States."

Editorial Comment

New York Herald (German).—The principal point in Mr. Wilson's note is that part in which he insists on a change of government in Germany. If the German military party thinks to win by camouflage they are hopelessly mistaken. Mr. Wilson's note will find thunderous applause wherever it will become known. cannot fail to applaud the decision taken by President Wilson in behalf of the United States and the allies. The note is nothing less than a sentence of death upon Hohenzollern military system, pronounced by the spokesman of the civilized world, now in arms and actually executing the sentence.

Houston Post.—The president's reply is a command of "forward" to the allied nations and their superb armies in the field and it is a command to the American people really with renewed fervor to the support of the war.

St. Louis Globe-Democrat.—The president has not misinterpreted the spirit of the nation in this reply. He could not have said less and remain in accord with the American people, it was unnecessary to have said more. He has spoken the word that means the continuation of the war until it shall be ended.

Chicago Tribune.—The president's response to the German proposals rises inevitably from the logic of those noteworthy communications and addresses which have marked our controversy with the imperial government. It expresses with force and unequivocally the conviction and purpose of the American people in this war and will receive their unhesitating, undivided and enthusiastic approval.

TWO FABRICATED VESSELS LAUNCHED

NEW YORK, Oct. 14.—Cheered by high officials of the United States shipping board diplomatic representatives of the twenty-two allied nations and several hundred citizens who had just subscribed \$52,000,000 in Liberty Bonds at a sensational "auction" conducted by Charles M. Schwab, director general of the emergency fleet corporation, the fabricated cargo vessels "Allies" and "Comfort" were launched today at the submarine boat corporation's Newark ship yard. The launching of the vessels named by Mrs. Woodrow Wilson, was a part of the "Allies Day" program of the Fourth Liberty Loan campaign and followed a luncheon tendered the diplomats by the Fifth Avenue association at which Mr. Schwab conducted the "sale" of 22 unbuilts cargo ships.

RECALLED TO ACTIVE SERVICE

Washington, Oct. 14.—Recall to the active list of Major General William C. Gorgas, former surgeon general of the army who recently was retired for age, and his assignment to active duty in the same rank of the medical corps was announced today by Secretary Baker. General Gorgas will complete the inspection of medical facilities in France and England upon which he now is engaged and then will return to the United States to submit a report. It is possible that his next assignment may take him to Italy.

WILSON MAKES URGENT REQUEST FOR FOURTH LOAN

Relaxation Means Defeat With Victory In Sight

WASHINGTON, Oct. 14.—After writing his reply to the German peace offer, President Wilson tonight in a formal statement to the American people, renewed his urgent request for support of the Fourth Liberty Loan.

"Relaxation now, hesitation now, would mean defeat when victory seems to be in sight; would mean years of war instead of peace upon our own terms," said the president.

Coinciding with the president's statement the treasury department announced that with but five days left in the fourth loan campaign, half of the six billion dollar total remains to be subscribed. That means that the country must invest nearly one billion dollars a day in bonds from now until Saturday midnight, when the three weeks' drive ends.

are so short of help that the tabulations have not yet been completed.

Progress of Loan

By districts, the loan progress follows:	Subscriptions	Per Cent
District		
St. Louis	\$204,449,450	78
Minneapolis	150,971,900	71
Boston	286,255,000	57
San Francisco	220,143,500	54
Chicago	448,798,600	51
Dallas	68,314,500	46
Richmond	123,262,700	44
Kansas City	111,636,050	42
Cleveland	253,948,350	42
New York	683,439,000	37
Atlanta	69,395,700	35
Total	\$2,798,419,950	46

Tremendous gains have been made in many sections of the country it was shown by sales reports tonight, the first since last Friday.

Five districts, St. Louis, Minneapolis, Boston, San Francisco and Chicago have obtained more than half of their quotas and three other districts, Dallas, Richmond and Cleveland are well above forty per cent. New York's total tonight shows a gain of \$170,000,000 over its Friday's total, but other districts have gone forward so swiftly in the percentage race that New York remains in tenth position.

Cities reporting oversubscriptions of quotas today included Kansas City, where 99,000 individuals are bond buyers; Chattanooga, Tenn.; Cincinnati, Charleston, S. C.; Joplin, Mo., and Johnson City, Tenn.

St. Louis and Dallas reported influenza hampering sales.

DISAPPROVE SENTENCE

Washington, Oct. 14.—Sentence of death imposed by court martial upon Private Lavon James of Company C, 367th Infantry after conviction on the charge of murdering Private Michael Maloney and Mrs. Rose Harrity, at Camp Upton, N. Y., on May 5, 1918, has been disapproved by President Wilson on the ground that James was insane.

1,000 LIVES LOST TOLL OF FOREST FIRES SATURDAY

Twenty-Eight Minnesota Villages are Destroyed

IDLUTL, Minn., Oct. 14.—Reports received from inland districts tonight bring the total of towns and villages totally or partially destroyed by the fire which swept northeastern Minnesota to twenty eight. Shortly before midnight the total of known dead had reached 532 with reports from every district showing that the work of bringing in bodies had just begun. In Duluth 200 bodies had been received at the morgues, at Moose Lake, 198, at Athol, 42, at Harney, 32, at Carlton, 18, at Clonnet, 18 and at Breckinridge, 18, at Brookston 6.

It is estimated that at least 500 more bodies will be found. The towns which tonight are reported totally or partially destroyed include Cloquet, Moose Lake, Kettle River, Lawler, Adolph, Munger, Five Corners, Harney, Grand Lake, Maple Grove, Twigg, Barnum, Mathew, Atkinson, French River, Chilton, Carlton, Brookston, Breckinridge, Pike Lake, Pine Hill, Kalavala, Ronald, Sals, Split Rock, Automba, McGregor and Warba.

Fires are checked. Information reaching here from all parts of fire-swept Northeastern Minnesota tend to confirm reports that nearly 1,000 persons lost their lives in forest fires of

Senate Well Pleased With Wilson's Reply

WASHINGTON, Oct. 14.—Senators were so well pleased with President Wilson's reply to Germany's peace proffer that they broke all precedents and applauded vigorously after the text of it had been read by Senator Hitchcock, chairman of the foreign relations committee. Later senate leaders, Democrats and Republicans in formal statements praised the reply as the forerunner of an unconditional surrender by the central powers.

Senator Lodge of Massachusetts, Republican leader, who has vigorously criticized the president's course in directing a note of inquiry to Germany after receipt of the peace offer, was among the first senators to issue a public statement commending the president's reply.

"I am genuinely pleased," said Senator Lodge, "the president takes the ground he does. Of course, everything he says about the conduct of the German government the German army and the German navy is absolutely true. Such conduct is sufficient to put an end to any talk about an armistice."

Senator Hitchcock, chairman of the foreign relations committee said:

"My view is that the president has removed all doubts as to wisdom of his course and provided against all dangers critics have seen in the policies he has been pursuing. To my mind the greatest achievement of the war would be democratization of Germany. It is the best assurance of the future peace of the world."

"The note comes up to all public expectations in every way," said Senator Martin of Virginia, Democratic leader. Other senators who issued statements approving the reply included Wadsworth, of New York, and New of Indiana, Nevada; Thomas, Colorado; Sheppard, Texas, and Overman, North Carolina, Democrats.

OFFICIALS PLACE ILLINOIS UNDER QUARANTINE

Action Taken to Prevent Spread of Influenza

CHICAGO, Oct. 14.—All night schools, theatres, moving picture shows, other places of amusement and all lodge meetings will be closed on and after tomorrow in Chicago and throughout the state of Illinois until the present influenza abates it was announced tonight. Day schools are not affected.

This action was taken by the influenza commission of Illinois, representing the army and navy and the public health departments of the state, city and nation. The formal orders necessary will be issued tomorrow morning. It was declared likely that other instructions will be issued directing that all banquets, conventions and other large public gatherings be prohibited and that all arrangements for such meetings be cancelled. It was intimated however, that this would not affect meetings, conventions or banquets already booked for this week or for those now in session.

The commission issued a statement saying that the question of closing the public schools in Chicago and throughout the state had been considered, but that it was decided that they should remain open for the present, where there was maintained an adequate medical inspection.

Statistics for Chicago for the week just past show that the total number of new cases of influenza during that period was 10,735 against 3,962, for the preceding week. There were 149 deaths Sunday and more than 400 new cases were reported on that day.

One editorial writer aptly described the German peace proposal by the statement: "It is the voice of the dove; but the wolf still lives."

American sentiment in reply to the German peace suggestion can be pretty generally summarized with the statement: "We propose to see this thing thru."

This is the day for registration. If you want to vote in the next election—and you certainly do if you are a red-blooded citizen—see that your name is on the polling book. This can be done with comparatively little trouble and will save you a lot of worry later on.

The kaiser has all along declared that he and his nations were engaged in a defensive warfare. That is getting pretty near the truth now, for at the rate the German army is being pushed back by the allied forces it will soon be within the boundaries of the fatherland.

Jacksonville people can con-

gratulate themselves that authorities are taking every precaution to avoid an epidemic of influenza. The disease is so widely prevalent that this city will be fortunate indeed if it escapes. In Bloomington the country club house is being used as a hospital and other buildings are being pressed into service for the emergency situation, resulting because of the prevalence of the disease.

An order is soon to go out from the state board of health closing all theatres and picture shows thruout the state as a matter of health protection in this time of epidemic. The people of Jacksonville anticipated the order and the state is now furnishing the corroborative evidence that the action was well ordered.

A good way to settle just what shall be done from a military standpoint if later on an armistice is granted to the Germans will be to leave it to Marshal Foch, General Pershing and General Haig. That seems to be President Wilson's disposition and intention. These generals are at the front. They know conditions. They have seen enough of bloodshed. They realize fully that the cause, not only of democracy but of humanity, is in the balance and their judgment can be depended on.

THE LOOT LOVING HUN.

It is hard for the average fair-minded American to understand, if there is any sincerity in the German desire for peace, why the campaign of devastation continues. As the German armies retreat they burn the towns, destroy property and vegetation in the most ruthless and wanton way. The fact gives color to the thought that the deep minded German plot includes the thought of even now destroying all possible property of the enemy and then thru peace keeping their own land intact, because of the commercial advantage that will thus result.

After the war there will be a great strife to secure commerce and the country with its industries unimpaired will without question have a vast advantage over a country which must recover from the devastation wrought by the wanton, loot-loving army of the Hun.

CHURCH MEMBERSHIP BY PROXY.

Occasionally there are news stories of marriage by proxy when distances have made it impossible to have the usual marriage service. But the latest thing is joining a church by proxy. An Indiana soldier who was stationed at Ft. Benjamin Harrison thru the Y. M. C. A. became interested in religious affairs and wrote to his home minister of his desire to join the church. This could not be done before he went to an eastern camp and so the church varied its rules and extended the "right hand of fellowship" to

the wife in behalf of her husband. If this soldier follows the plan of a great many husbands he will also attend the church services by proxy.

CONDITIONS AND BASES—THE DIFFERENCE.

The French are just across the border from Germany. The people there have learned what war means. They know the disposition and spirit of the Germans and are better able than we are to judge the meaning of the peace note. Here is the way the Temps sums up the situation, and the last paragraph quoted puts the German peace effort in a clearer light than any of the American comment.

"The form of the reply is submissive. Germany admits our victory. Let us rejoice. But the formation of the reply is crafty. Germany attempts to dodge all the consequences of her defeat. Let us beware. In appearance Germany accepts President Wilson's demands. In reality she introduces two restrictions which annul everything.

"She accepts President Wilson's points, but as bases, not as conditions. To accept conditions closes debate; to accept bases opens debate.

AMERICA'S SATISFYING ANSWER.

If the kaiser and the other war lords of Germany have had any real doubt as to what is necessary to secure peace, the president's note dispels it. The document is brief and couched in language which can have only one meaning. Autocracy must go. Kaiserism is doomed and the only peace that the allies will make is with the German people. Mr. Wilson believes that the promises of the people will be kept. He knows that the promise of the kaiser have no value, that an armistice of the Hohenzollern type would have "the scrap of paper" value. If the kaiser will ed. America's answer is satisfying to every citizen who believes that the great sacrifices made by the allied nations should not be in vain.

Rippling Rhymes

Axes to Grind.

The man who has an ax to grind is always genial, bland and, of sweetness he is full; and he indorses all I say, however far I roam astray from truth which is all wool. The friends I usually meet when I go bulging down the street, their own views entertain; and if I say the day is grand, when there is rain to beat the band they say I've gone insane. And if I talk of politics, and stand up for a lot of hicks, these friends of mine detest, they say my dome is full of bats, and prod me roundly in the slats until they spoil my vest. I surely

like the honest skate who doesn't pause or hesitate at speaking of his mind, but I dislike the up-bane gent who always is in salams bent, who has an ax to grind. He is so passing sweet this morn that I might trample on his corn, and he would only smile; but I most certainly will find what sort of ax he has to grind, in just a little while. Some day he'll grab me by the coat and say he'd like to have my vote, he needs it forty ways; and when I gently turn him down he'll shove the smile and spring a frown, and hate me all his days.

THE SPIRIT OF LOYALTY

J. A. Elliott of Mound avenue has received from a friend a letter and in it are the following lines composed by a man born in Germany and who left that country at the age of 22 and is now 73. The lines were written April, 1917:

Bowed down with grief an sorrow,
Not a ray of hope in sight
Gloomy dawns each near tomorrow,
Peace, sweet peace, has taken flight.

Oh the awful desolation
In the lands across the sea,
Fill our minds with consternation
And our hearts with sympathy.

For the cruelly treated masses
Kept in constant pain and fright
By the haughty ruling classes
Forcing peaceful men to fight.

Fiercely sacrificing people,
Strongest men—none dare resist,
Countless ruins, dead and crippled—
Dread results of mailed fist.

May he who caused this frightful slaughter
Of the best and strongest men,
Spilling human blood like water,
Suffer mental anguish—pain.

Mighty Ruler of creation
Cause this frightful war to cease;
Sweep aside in every nation
Rulers who disturb sweet peace.

So that good will justice right,
Triumph over brutal might.

SUITS FILED.

Two suits were filed for hearing in the office of Circuit Clerk Boston yesterday. Fred W. Sibert, by his attorney, Carl E. Robinson, has brought a suit against Eliza C. Perry. Only the praecipe has been filed and it indicates a claim of \$1000.

Another suit was filed is that by Wilson & Butler for Frank E. Wannamaker, who has brought action against the city of Jacksonville. The praecipe shows that this is a \$3000 and is based on a claim for wages. Wannamaker is now in the army and was formerly employed in the police department. He was given approved bills in lieu of salary and has now brought action to enforce payment.

If.

By George Matthew Adams

If you saw some men nailing your own boy, or brother, or father or little girl to the side of a building—laughing and glorying in the act—

If you saw the most beautiful structure in this town being torched and burned and a crowd dancing and yelling and, in drunken orgies, glad that they did it—

If you knew that in that building, also, were those whom you held dearer and nearer to you than your own life—and that there was no escape—

If you knew that in five minutes a howling mob were going to drag your own wonderful Mother thru the streets of this town because she wanted to protect those she most loved—

If you knew that all the labor and sacrifices and sufferings and costs of years and years of the people of this town were but so much paper to be wiped out in pillage and plunder over night—

If you knew that all the old men and women in all this town and countryside were within an hour to be corralled, like cattle in a pen, and made to starve and die—

If you knew that disease and filth and fire were to be the lot accorded to you and all you love, for all you have done in this world—without one word of protest being allowed to count—

If you knew that hereafter life was to be looked at as a thing cheaper, and to scoffed at as less useful than the most useless insect—

If you knew that hereafter nothing would be worth while but lust and rapine and murder—

Wouldn't you think it at least reasonable—if you couldn't give your very life to prevent these things—to give or LOAN all the money you had to make such things no longer possible in the world—wouldn't you?

Well, that is ALL that is being asked of you by your Government in this FOURTH LIBERTY LOAN—which is to be the VICTORY loan! Do you feel like hesitating.

ANDREW VIEIRA BETTER.

Mrs. Charles E. Seymour received a message yesterday from her husband, who went to Louisville, Ky., on account of the illness of their son-in-law, Andrew Vieira at Camp Taylor, stating that the patient is somewhat improved. Mrs. Vieira was taken with influenza at the same time as her husband but has now recovered and is able to assist in taking care of him. His attack of pneumonia was severe but, as indicated, he is now very better.

ATTENTION I. O. O. F.

In compliance with the proclamation issued by our mayor and health officers, all meetings of Illinois lodge No. 4 will be discontinued until further notice. All sick and relief benefits will be handled by the committee in charge.

WM. HANNING BURIED WITH MILITARY HONORS

Great Concourse Gathered for Funeral Held Sunday at St. Augustine Church in Ashland.

One of the largest funerals ever held in Cass county was that of William Henry Hanning at St. Augustine Catholic church in Ashland Sunday morning. Thousands of people attended the service, far more than could gain entrance to the church. The impressive services were in charge of Rev. Father Murphy. Nearly forty automobiles taking members of the Knights of Columbus and of Co. C drove from Jacksonville for the services and there were people present from a wide area. The soldier was accorded full military honors and the flag drapedasket was borne to the church door on the shoulders of six members of Co. C.

Father Murphy in addition to the service of the church, preached a strong sermon from the text: "Greater love hath no man than this, that he lay down his life for his friend." He spoke with evident feeling as he told of the faithfulness of the dead soldier's life. The deceased had been baptized in infancy in that very church where the funeral services were held. It was there he received his first holy communion and later the sacrament of confirmation. As a lad and as a young man he had lived well and earnestly and Sunday after Sunday knelt with the communicants at that church, which had become such a large part of his life.

Father Murphy dwelt upon the patriotic spirit of the deceased as furnishing an index to his life and as being but a further manifestation of his character. It was just before he left with the contingent for Camp Taylor that the deceased had said: "My brothers are already in the service, my country is at war, my place is beside them in the ranks and I am ready to do my part." Speaking further, Father Murphy quoted his text said:

"These words were spoken by our Divine Lord and Savior who left his heavenly home and came down to earth to suffer and die to prove His love for man and make him free. Is there not a similarity between that sacrifice of love, between that debt which Christ, our Lord, paid for the freedom of man from the bonds of sin and the sacrifice which is made by the soldiers of our country who leave home, friends and all that is near and dear to them and go into foreign lands to fight the battles for the freedom of mankind. Verily they lay down their lives for their friends. And greater love than this no man hath. Theirs is the sacrifice, theirs is the honor, theirs is the glory. Let us be in some measure worthy of the sacrifice these gallant soldiers are making. The we at home do all within our power, tho we give the last dollar we have, our sacrifice does not equal, does not compare with the sacrifice of the young man who lays down his life for his country as this young man has done."

William Hanning, who was the son of Mr. and Mrs. Thomas Hanning of Prentice, was twenty five years old on the 19th day of June. It was June 28 when he left for Camp Taylor and after spending some weeks there he was transferred to Ft. Benjamin Harrison. Later he went to Camp Merritt, N. J., and it is known that he had received his full equipment in readiness for service overseas. His going was prevented by an attack of influenza and death came to him October 7.

The deceased leaves, besides his mother and father, three brothers: George E. Hanning, in France; John V. Hanning, who has but recently arrived in France and Thomas Jr., at home. He leaves also one sister, Mrs. Thomas Newell of Ashland. The high esteem in which the deceased was held was well manifested by the large company which assembled for the service and by the splendid floral tributes. As mentioned, members of the Jacksonville Council Knights of Columbus, of which the deceased was a member, attended almost to a man. They were accompanied by their chaplain, Rev. Father Sloan, who assisted in the funeral service. Members of Prentice camp M. W. A. No. 2939 were also present in a body, as the deceased was a member of that organization.

Among the relatives present were James Halligan of Chanute, Kans.; John Hanning and family, Jacksonville; John Brown and family, Litterberry; Misses Mary, Minnie, Gena Hanning of St. Louis. Interment was in Ashland cemetery and the honorary bearers were Felix Walsh, Thaddeus Grady, Edward Collins, Lester Means, James B. Kennedy and Howard Hodgson.

Members of the family have the sincere sympathy of their friends thruout all this territory in this time of sorrow. William Hanning lived well and usefully and his death was not in vain, as his life was laid on the altar of his country in a great cause.

☞ This probably is the first time in the history of Morgan County that a local tailoring establishment has advertised to make soldier's uniforms.

☞ We would toss our hats in the air, and yell like joyous school boys, if the necessity for this sort of work were at this moment wiped forever from the face of the earth, and peace and good will brooded over all peoples.

☞ But war's stern realities still are present. Our boys are going—they must be properly outfitted. Their uniforms, dress and service, and according to government specifications, can be made here at home.

W. H. KRENNING

DIED SUDDENLY

President of White Hall Sewer Pipe and Stoneware Company Dies at St. Louis Home—Was Prominent in Business World.

White Hall, Oct. 14.—F. H. W. Krenning, president of the White Hall Sewer Pipe and Stoneware Company, died suddenly at his home in St. Louis Saturday evening shortly after reaching there following his usual Saturday trip to White Hall.

His sudden passing came with such a shock that none of the whistles of White Hall plants were sounded Monday morning.

Mr. Krenning has been a valued head of the big White Hall works, which embrace the White Hall Drain Tile Co., and the White Hall Railway Co., under the head of the White Hall Sewer Pipe and Stoneware Co.

The financial genius and executive ability of Mr. Krenning have placed the combined manufacturing on a dividend basis, and the three years of his administration have caused him to be highly regarded by both the employees and stockholders.

He is an old business man of St. Louis, being president of the Krenning Glass Co., and has been handling White Hall clay products from back in the early eighties, becoming financially interested in the business with the organization of the White Hall Sewer Pipe & Stoneware Co., whose products include sewer pipe, drain tile, stoneware, and the mining of clay east of the city is a significant industry.

Who will be Mr. Krenning's successor is a matter that is of general concern, and it is predicted that the man will be Hon. J. A. Kirby, who has served in that capacity in the absence of the president in previous years, and who in extensively financially interested in the works. Still others believe that H. C. Morrow will return from St. Louis and assume the duties vacated by him when Mr. Krenning became president.

With the suspension of industry in local plants today in respect to F. H. W. Krenning, there is added inactivity growing out of the influenza quarantine, which has been in effect since last Friday with little if any abatement of the epidemic.

The number of cases as reported to the mayor in accordance with his proclamation and that obtained from a canvass of the physicians is quite at variance. Few cases have been reported, while the doctors say that there are no less than 250 cases of influenza in the community.

The ban has been placed on gatherings of all descriptions.

Jesse Lee, residing in the southeast part of the city, died Saturday night. He was a victim of tuberculosis, and was rejected in the first draft call because of his physical condition at that time. He was about 28 years of age, and is survived by a wife and child.

Harry Pierce of Girard, arrived Saturday for a visit with his mother, Mrs. J. S. Pierce.

Capt. Henry Porter, who completed his removal from North Main street to the T. N. Rose property on Jacksonville street last week, has taken down with an illness that includes him in the influenza list.

Leo Price arrived Sunday from Great Lakes. He reports that he has been ill for about a month with influenza, and he looks the part.

Lieut. Harold Howard Lorton arrived from Camp Taylor Saturday and is the guest of his numerous relatives. He is the son of J. C. Lorton of Virden, formerly of White Hall.

ECONOMY STORE

FOR BEARDSTOWN

On Wednesday the Economy Cash stores company of this city, will add another link to their chain of groceries, on which date they will open to the public the first of their stores in Beardstown, Ill., following the policy that has given them so much success in Jacksonville. As a basis for the new store the Economy people purchased outright the entire stock and fixtures of George Hilton, in Beardstown. This stock, together with a large amount of additional seasonal merchandise, has been moved to the new building, which the firm has leased, at 106 East 2nd street.

Cosgriff Bros. and Green have only been in business in Jacksonville a comparatively short time, but have met with wonderful success due to their energy, wise buying and ability to give the public what it demands, at fair prices.

FOR SALE

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

Peace talk prevades the air, but it is falling on deaf ears as far as the armies in the field are concerned. Instead of a relaxation in the intensity of the fighting new hostilities on what seemingly is a major scale are being carried out by the British, French and Belgians in Belgium Flanders.

Having cleared out the old Laon salient and made advances northward in Champagne which are menacing the retirement of the Germans eastward toward the Valenciennes-Metz line, General Foch has ordered a drive in the Lys river region of Flanders toward Ghent which threatens to break entirely the grip of the Germans in Belgium all the way from the frontier to the coast and likewise to eliminate the big bulge in the line with Lille as its apex. While the latest official communication from Field Marshal Haig announces that only local actions have taken place in the new theater and that prisoners have been taken in the fighting, dispatches from headquarters assert that Roulers has been captured and that Courtrai the junction point on the railway leading to Ghent has been outflanked. The French troops also are said to have taken 2,000 prisoners while the Belgians have captured several complete batteries and guns and numerous prisoners. Just how wide the new front of attack is has not become apparent. It is stated that the new advance has brought the allied

troops within range of the enemy coast defenses but that the guns from them have offered no opposition.

Meantime to the south the Germans are offering stiff opposition to the British south of Valenciennes and on the Solesmes sector in an endeavor to prevent the closing in of the Lille sack and the capture of this important town and also Valenciennes which are in precarious positions if a pincer movement gets well under way.

At last reports the Germans were still falling back from the region of Laon, that town and the entire St. Gobain massif being in the hands of the French. In Champagne the French have been enabled to make further crossings of the Aisne and to materially better their front eastward, notwithstanding the stiff defense of the enemy who realizes that it is of the greatest importance to hold back the French and Americans driving northward, as a breach in the south line and swift advance would imperil the entire German force inside the sack from the Oise river west of Flavygn to Sissonne, east of Laon.

Probably the greatest resistance of all is faced by the Americans on both sides of the Meuse river. Vicious counter-attacks are being delivered against the men from the United States, the fierceness of the assaults indicating that fresh forces have been brought into the fray to halt their advance. The Germans are trying to force the river valleys and thereby compel the Germans in case of a retreat to wend their way obliquely northeastward, instead of eastward toward the German border. Concentrations of artillery are being used against the American positions at various places. Gas shells are not being spared by the enemy in his efforts to hold the Americans in check.

All the counter-attacks of the Germans thus far have been withstood by General "It's men and the American artillery is answering the Germans guns shot for shot.

ILLINOIS SOLDIERS ACCIDENTALLY SHOT

NEW YORK, Oct. 14.—Bullets from a machine gun presumed to have been inadvertently fired from an army airplane in flight, killed one soldier and wounded three others as the men were drilling in formation today at Camp Mills, L. I.

William H. Hall, private, McLeansboro, Ill., died from a wound in the head. Samuel M. Lowry, lieutenant, Summit, Pa., was shot in the arm. William H. Bevens, private, Avon, Ill., was shot in the back.

Lewis J. Simmons, private, Danville, Ill., was wounded by a bullet. The army and aviation authorities had not succeeded late today in identifying the airplane which at the time of the accident was not seen at camp. Observers elsewhere reported seeing an airplane in the neighborhood flying very high and which had come from the ocean side of the island. It was the theory of the aviation officers that the airplane while engaged in target practice suddenly dipped thus unintentionally directing a stream of bullets earthward.

Will Make An Inquiry
A military board of inquiry was appointed today at Hazelhurst field to investigate the shooting today of four soldiers at Camp Mills, presumably by bullets fired inadvertently from the machine gun of an army airplane in flight over the camp. It was said that no details of the shooting, which cost one soldier's life will be given out until the board has reported its findings. The men struck by the hail of bullets from the sky were lined up in drill formation when the accident occurred.

GOVERNOR LOWDEN ISSUES PROCLAMATION

Wednesday, October 30 Designated as Good Roads Day in Illinois—People Urged to Observe Day.

Springfield, Ill., Oct. 14.—Governor Lowden in a proclamation today designated Wednesday, Oct. 30 as Good Roads Day in Illinois. The text of the proclamation follows:

"I strongly recommend that the people of the state observe Oct. 30 as good roads day. I do not desire so much that they do fragmentary work upon the roads on that day as that they contemplate the condition of the roads in their several localities. Let them then reflect that they have an opportunity on the following Tuesday to provide not a mile of good roads here and there but a comparative system of hard roads which will reach every county in the state. Let them realize that they will not again for many years have an opportunity to adopt such a comprehensive system as they will have on that day. Let them realize that the cost of these roads will be paid entirely from the proceeds of automobile licenses and that the bonds will not be issued until after the war. Let the farmers particularly ponder upon the fact that on an average it costs more to move their products from the farm to the railroad than from the railroad to their destination.

"The people have, voluntarily, in the past given many days of work for road improvement. If upon next good roads day they give but one hour to a thorough study of the question to be submitted at the next election they will surely vote for the bond issue and will thereby have done for the good roads of the future more than they have in all the days by all the work they have done and all the taxes they have paid."

EXPLOSIVE PLANT WRECKED; 100 DEAD

TORONTO, Oct. 14.—Nearly 100 lives are reported lost tonight in a blow-up at an explosive plant at Trenton, near here. The first explosion, said to have originated in the chemical plant, was followed by several other explosions which set fire to some of the buildings of the plant. Large stores of T. N. T. were endangered by the fire.

Reports from Colbourne only a short distance from Trenton, state that nine explosions were heard there. Trenton has been broken and the extent of the damage to the plant and the town could not be learned up to a late hour tonight.

NEELYVILLE MAN DIED SUDDENLY

Henry Hazenkamp Overcome By Heart Disease as He Assisted In Grave Digging.

Neelyville, Ill., Oct. 14.—Henry Hazenkamp, a long time resident of the vicinity of Neelyville died suddenly Monday afternoon from an attack of heart disease. The deceased, who was fifty-seven years of age, had gone to the cemetery to witness the burial of Carl Englebrecht and Ernest Lovekamp, two Scott county soldiers who died recently in camp.

Mr. Hazenkamp assisted at one of the graves and it is probable that the exertion brought on the heart attack. Coroner Thomas Webster was summoned from Winchester and the inquest was held at the cemetery Monday afternoon. The verdict was that the deceased came to his death from a heart attack.

FOR COUNTY COMMISSIONER
Having won the nomination for county commissioner by a splendid majority at the September primary, I am still in the race and will appreciate the support of all patriotic people regardless of party. "Now is the time for all good men to come to the aid of one who went over the top for them during the sixties."

J. M. Swales, Republican Candidate for County Commissioner.

REV. J. R. SMITH IS VISITOR IN CITY

Well Known Congregational Minister Here to Visit Relatives.

Rev. J. R. Smith is visiting his cousin, Mrs. Harriet Lander, of this city. Mr. Smith is one of the young men who have gone from Jacksonville to do it honor. He is pastor of the Olive Branch Congregational church in St. Louis and has been longer in the service in that city than any other Congregational minister there. He is now on his way home from a vacation trip to California which he much enjoyed. While out there he attended a great Bible conference and preached several nights in the Empress theater. He met Rev. Arthur Rider with whom he was in a school thirty years before, and Mrs. Rider, formerly Miss Ada Fuman of this city. He also met his cousin, Mrs. H. H. Dummer and husband, Harry, who is practicing law and doing well.

At the close of one of Mr. Smith's evening sermons a man stepped up to him remarking: "I know you; you're Jim Smith, once living in Jacksonville, and I am the son of Jim Terry also of that place."

On his way out Mr. Smith attended the 104th Indian Bible Conference at Flagstaff, Arizona, and for the tenth time took part in the program. Last Sunday he preached in the First Congregational church at Springfield. He says at one time recently there was in Los Angeles, a reunion of Jacksonville people and 78 families were represented and his cousin, all the former residents formerly of this city were present.

While escorting two troop trains of 853 soldiers to Camp Funston, Kansas, he met a conductor on the western branch of the Alton who proved to be Ed Mitchell, brother of Mrs. Ralph Reynolds, Mrs. Ida Whitmer and Mrs. Hopper, wife of the dentist. Ed used to go to school to Mr. Smith's father, Prof. J. B. Smith, at one time principal of the Franklin school. Mr. Smith's mother was a sister of Mrs. T. D. Eames, mother of C. M. Eames, formerly owner of the Journal. She was a musician of unusual ability and in her young days, before the war, was an intimate friend of Gen. Pershing with whom she used to sing and play and when the war was over they had several happy meetings. Mr. Smith will be in the city until Thursday and will find even yet many who will be glad to see him.

Social Events

Birthday Surprise for Mrs. Barbara Ludwig.

Mrs. Barbara Ludwig of Alexander was pleasantly surprised Sunday by her children, the occasion being her fifty-ninth birthday. At the noon hour a delicious dinner was served and this feature of the day was one greatly enjoyed by all. The afternoon hours were spent in a pleasant social way. Those present were Mr. and Mrs. John Dorwart and son, Waverly; Mr. and Mrs. Gus Fahrner, broker, Springfield; Frank Ludwig; Mr. and Mrs. Joseph Ludwig and family, Alexander; Mr. and Mrs. Will Ludwig and family, Alexander; Mr. and Mrs. Martin Hohman and daughter, Alexander; Miss Josephine Speffis, Springfield; Misses Minnie, Rose, Theresa and Edward Ludwig of Alexander.

WITH THE SICK

Jed Cox, who is ill with pneumonia, continues ill at his home northeast of the city but was slightly improved yesterday. Mrs. Cox and her daughter, who have also been ill, are improving. Claude Hamm, who was so badly injured a few days since is improving in a gratifying manner at Our Savior's hospital. Miss Mel Reid, is improving after an illness of a few days. Frank Reid, who is ill at Passavant hospital is improving.

FUNERALS

Scott.
The funeral services of the late Sarah Lois Scott were held at the family residence, south and west of Franklin, Sunday afternoon at 2:30 o'clock, in charge of the Rev. McGhee of Murrayville, assisted by the Rev. Harry Willard of Province and Durbin. The music was in charge of Mr. and Mrs. B. F. Rawlings, J. H. Rawlings, Mrs. George Oxley and Mrs. Sam Darley.

The flowers were in charge of Misses Alpa Smith and Alice Criswell, Mrs. George Ebbrey and Mrs. McDewitt. The pallbearers were Arthur Rawlings, Charles Criswell, John Ebbrey, Hugh McDewitt, Ernest Jones, Thomas Smith. The interment was in the Franklin cemetery.

ALMOST A MIRACLE
Two days ago a three years old son of Mr. and Mrs. Fletcher Hopper swallowed a hog jewel which is a piece of wire about the size of a knitting needle, is an inch over all and at each end it is bent a fourth of an inch at an acute angle and sharp at the ends. This article went down and remained in the child two days but was finally recovered and the little fellow seems as well as ever.

Miss Nolia Hall of Collinsville is making a brief visit at the home of her sister, Mrs. M. A. Evans, on South Kosciusko street.

ELLA EWING CIRCLE.
The Ella Ewing Circle of the Christian church will not meet this evening as usual owing to the prevailing sickness.

1000 LIVES LOST TOLL OF FOREST FIRES SATURDAY

(Continued from page 1)

Saturday and Sunday in this section. At Moose Lake and vicinity alone the death list is expected to reach 500. Estimates from other districts add between 300 and 400 more deaths.

There is little danger of the smoldering ruins breaking out afresh if weather conditions remain as they have been for twelve hours, in the opinion of relief workers in the fire stricken districts.

A light wind is blowing off Lake Superior and whatever fires are revived will be blown back over burned sections. In the vicinity of Cass Lake, the western edge of the fire zone, the wind tonight revived and the fires started again. However, the town was believed not to be in any immediate danger. Officials said at least 24 hours more will be required before an accurate figure can be placed on the loss of life and property.

DEATHS

Brooks.

Ardie Reuben Brooks died at eight last evening at Passavant hospital of the diphtheria, pneumonia. He was the son of Chester Brooks and Mrs. Wilhelmina Britton of South Sandy street and was ten years old. He had no brothers or sisters. He was an interesting child and his death will cast a cloud over the home in which he lived. No arrangement for the funeral has yet been made.

Scott.

Mrs. Tillitha Ann Scott passed away at 10:45 Monday morning at the home of her daughter, Mrs. J. D. Smith of Concord. The deceased was born in Tennessee on January 11, 1831, and came to Illinois with her parents at the age of six. In 1863 she was married to Cornelius Scott. To this union four children were born, three girls and one son. She is survived by Ida Burnhart of Springfield and Martha Smith of Concord.

Mr. Scott and one daughter preceded her in death. Mrs. Tillitha Ann Scott was a devoted member of the M. P. church, joining that denomination in early childhood. In April of last year she suffered a fractured hip and had been bedfast from that date to the hour of death. Her sufferings were borne with true Christian fortitude, and it may be said of her that her whole life was one of sweet christian charity and an ever present desire to be helpful in times of stress.

Funeral services will be held at 10:30 a. m. Wednesday, in charge of Rev. Fairchild.

Carter.

Scott P. Carter has received word of the death of his brother Charles C. Carter's son at Beaumont, Texas where the parents are temporarily as the father has a contract there. The young man passed away Sunday at 4:30 a. m. after a short illness with pneumonia. He was 19 years of age at the time of his death and expected soon to come to Jacksonville and enter the training school at Illinois college. He was a student of the high school here which is the regular home of his parents.

He is survived by his parents, Mr. and Mrs. Charles C. Carter, a brother, Guy J. Carter of this city, two sisters, Miss Edna, in Texas, and Mrs. Roland Stice of this city. He was an attractive and promising young man and his death is peculiarly sad. The remains will be brought to this city for interment.

Hamilton.

Loran D. Hamilton passed away at 4 o'clock Monday afternoon at St. John's hospital in Springfield. The deceased, who was twenty three years of age, had spent the greater part of his life in Waverly but for several years was a resident of Springfield. There he was married to Miss Ella Doyle in 1917 and they established their home in Detroit. A few weeks since they returned to Springfield. Mr. Hamilton was taken ill the past week and grew rapidly worse until the end came. He was the son of Mr. and Mrs. A. L. Hamilton. The remains will be taken to Waverly Tuesday to the home of his mother and the funeral services will be held there Wednesday afternoon at 2 o'clock. The services will be in charge of Rev. S. C. Schafer of the Congregational church and Rev. F. E. Smith of the Methodist church.

The remains of Kennedy Wright were brought to Waverly Monday afternoon at 4 o'clock from Austin, Tex., and were taken to the home of his mother, Mrs. Ella Wright. The funeral arrangements cannot be made until information is received from his brother.

A CORRECTION

In a correction mention was made that a stolen copper boiler had been sold to Cohen & Son. The Journal regrets that this erroneous statement was made. A member of the firm of Cohen & Son yesterday indicated that special care is taken at their plant not to purchase articles when there is a suspicion that they have been wrongfully acquired by those offering them for sale. Cohen & Son frequently report cases of this kind to the police.

BIRTH RECORD

Born to Mr. and Mrs. William Charlesworth Friday a son William Thomas.
Born to Mr. and Mrs. W. W. Reynolds, 1643 North Main street, this (Tuesday) morning, a 11 pound daughter, Ida Irene Reynolds.

PRESIDENT WILL HAVE NO MORE DEALINGS WITH AUTOCRATIC GOVERNMENT

(Continued from page 1)

dent reminds Germany his terms call for destruction of every arbitrary power anywhere, that can separately, secretly and of its single choice disturb the peace of the world; or if it cannot be presently destroyed at least its reduction to virtual impotency.

Here then follow the words of which proclaim with finality that the autocratic government of Germany must go and plainly invite the German people to make the change which will bring them peace.

"The power which hitherto has controlled the German nation," says the president's reply, "is of the sort here described."

It is within the choice of the German people to alter it. The president's words just quoted naturally constitute a condition precedent to peace, if peace is to come by the action of the German people themselves.

The president feels bound to say that the whole process of peace will, in his judgment depend upon the definiteness and the satisfactory character of the guarantees which can be given in this fundamental matter.

It is indispensable that the governments associated against Germany should know beyond "peradventure with whom they are dealing."

Reply Fulfills Predictions

This pronouncement the president's friends say, fulfills the predictions of those who declared that when he asked Prince Maximilian if he merely represented the military leaders who had been conducting the war he was laying the foundations to show that the new government of Germany is no less autocratic than the others and for a final statement to the German people themselves that nothing but autocratic government stands between them and the peace which they so fervently desire.

The president's friends say this has been the whole principle of his diplomacy.

The next move in the great international drama is now expected to take place in Germany while the armies of the co-belligerents thunder at her gates. Diplomats are agreed that what must come from Germany now is action, not words. She may offer to comply with the terms and give up the guarantees which would permit an armistice. From that point the disposition of the autocracy might be considered in connection with the terms of peace. Otherwise the opinion is unanimous that the victorious armies of the United States and the entente allies march on.

Altho Germany is informed that a separate reply will be made to the peace note of the Austro-Hungarian government, it is known that for the present no communication will be sent either to Austria-Hungary or to Turkey whose belated plea similar to that of her allies reached the state department today. Replies to Germany's vassal allies will await the next move in Berlin unless that move is anticipated by a new plea and offer of surrender from Vienna or Constantinople or both.

LIBERTY LOAN MUST NOT RELAX

WASHINGTON, Oct. 14.—President Wilson today issued this statement on the Fourth Liberty Loan:

"The reply of the German government to my note of inquiry dated Oct. 8, gives occasion for me to say to my fellow countrymen that neither that reply nor any other recent events have in any way diminished the vital importance of the liberty loan. Relaxation now, hesitation now, would mean defeat when liberty seems to be in sight; would mean years of war instead of peace upon our own terms.

"I earnestly request every patriotic American to leave to the governments of the United States and of the allies the momentous discussions initiated by Germany and to remember that for each man his duty is to strengthen the hands of these governments and to do it in the most important way now immediately present by subscribing to the utmost of his ability for bonds of the Fourth Liberty Loan. That loan must be successful. I am sure that the American people will not fail to see their duty and make it successful."

Miss Katherine Madden, who is teaching at Bellefleur, Ill., this year is at home because the schools have been closed on account of influenza. Miss Grace Madden has come home from Waverly for a like reason.

Where Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever on the Lips of the Afflicted

Eczema, tetter, erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach. You have the experience of others who have suffered as you have to guide you to a prompt riddance of blood and skin diseases. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble and forever rout from the blood every trace of the disease, just as it has for others who have suffered as you have. This grand blood remedy has been used for more than fifty years, and you have only to give it a fair trial to be restored to perfect health.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may require, absolutely without cost. Write today describing your case to Medical Department, Swift Specific Laboratory, Atlanta, Ga.

LONG TIME RESIDENT CLOSES LIFE JOURNEY

Mrs. Elizabeth Bancroft Passed Away in Eighty Eighth Year— Came Here from East in Early Day—Funeral Wednesday.

The closing hour of a long life came for Mrs. Elizabeth R. Bancroft early Monday morning, October 14. When Mrs. Bancroft crossed the bar the transition was but the slipping away to a world of peace and light. It is better to say "a world of greater peace," for the influence which radiated from Mrs. Bancroft's life gave to her home a serenity and a calmness no matter what the days and years brought. Mrs. Bancroft's maiden name was Elizabeth B. Root and her first home was in Westfield, Mass., where she was born August 18, 1829. She was a daughter of Major Joseph and Elizabeth Root and was the last member of a family of four. The day of her childhood and young womanhood were passed in the home where she had the liberal educational advantages that came even in those days to the pioneer families of New England. Her marriage to Horace Bancroft occurred March 25, 1856, and it was very soon afterward that their home was established in this city at the corner of West State and South Prairie streets. It is given to few people, indeed, to spend so many years in one home but there Mrs. Bancroft has lived, loved and been beloved for sixty two years. Three generations have come and gone, all fortunate in the light of her presence and influence.

There are few indeed, in Jacksonville who can recall the coming of Mrs. Bancroft to Jacksonville as a bride. But one of them last night turned back the pages of memory and brought before him the picture of this young woman who came from the east as the wife of one of Jacksonville's most substantial and influential citizens. It was a fine picture of a young woman of natural grace showing plainly the evidence of her home and lineage. After years only added maturity, for the grace and sweetness remained and those who knew Mrs. Bancroft thru the years realized those unalloyed qualities of her mind and heart.

Her earlier friends have nearly all passed on and it is related that indeed, she was the last of a group of householder residents on West State street who more than sixty years ago came in touch with the life of Jacksonville and helped in no uncertain way to create that atmosphere which the passing years have not taken from this city.

Mrs. Bancroft's physical strength no less than that of mind, has been a source of wonder to her friends. There

have been slight ailments at different times as the years have slipped along, but in the main she has been well and her active interest in home, church and friends unflagging. Even in these latter years this has been true, and her vitality continued almost to her final hour. It was only a few days ago that Mrs. Bancroft became ill with pneumonia. Because of her advanced age the attack alarmed her family. Saturday her condition was improved but Sunday afternoon a change seemed to come suddenly and members of the family realized with her that the end was very near.

It was just a day or two before this illness that Mrs. Bancroft asked someone near her to play on the piano in the adjoining room "Jesus Pilot of My Soul," "How Firm a Foundation," and one of two other hymns that she had long years ago had meant so much to her and which, as she realized the hour of transition was near, came pressing in upon her bringing their glorious knowledge of eternity.

Soon after she became a resident of Jacksonville Mrs. Bancroft united with the Congregational church and her going takes the name of the oldest member from the church roll. Her association with the church was thru all the years. To her membership in the church was not a mere matter of formality. The church meant to her God's house. It was His sanctuary and here she went to worship Him in spirit and in truth. That same feeling was dominant in all her life, for she made of her home a sanctuary where love and gentleness ruled. Her goodness was not of an obtrusive kind but with definiteness of touch she lightened the burdens and the hearts of others. She lived unselfishly and with a never-failing optimism which enabled her always to see the good in evil, the joy in sorrow and the relief to follow every pain. Her's was an optimism of a contagious and enveloping kind, for it touched and influenced those who came near here and thru such a span of years their number was legion.

Some people find their greatest friendships in books or in nature. They love trees and flowers and the sky which God has given them. Mrs. Bancroft loved these things too, but not so well as people. She was uniformly kind, always interested, and to her men and women, boys and girls, were all friends. She was interested in a kindly way in their "comings and goings," and many are those who have been cheered and heartened in these latter years by a smile or a word from Mrs. Bancroft as she sat at the window of her home, hardly strong enough to leave her room, yet reluctant to cut the chance of seeing friends as they passed.

During the final years Mrs. Bancroft had the most devoted care from her two children, Mrs. Fannie Bancroft Weir and Horace H. Bancroft. With them always their mother came "first," and as she had been their comrade in the earlier years, so the relationship continued to the very end. Mrs. Bancroft leaves also two grandchildren, Mrs. Fanita Brockhouse and Richard Bancroft, together with two great grandchildren, Paul and Audrey D. Brockhouse. Another grandchild, Cordelia Bancroft, passed on, March 24, 1916.

On the wall of Mrs. Bancroft's room are the following well known lines and they truly reflect the relationship of this mother, her daughter and her son: Whose love can equal the love of a mother; Whose devotion so loyal and true; Who suffers so much with such joy for another; Who works with such pleasure as mother for you!

You hail with delight the friendship of others, You revel in love of the sweet heart you've won;

Yet, where do you find a friendship like mother's, Unbroken till death calls, and life's work is done. The funeral services will be held at 3 o'clock Wednesday afternoon from the family residence, 623 West State street. The services will be in charge of Rev. James R. Smith, pastor of the Olive Branch church of St. Louis. The minister is a son of Mrs. Kate Murdoch Smith, an early and long time friend of Mrs. Bancroft, and it is especially appropriate that he is here to speak the final words at the funeral service.

ANOTHER SOLDIER DIES AT CAMP.

Word was received yesterday by Richard Stanley, northwest of the city, of the death of his son Philip Stanley at Camp Jackson, Columbia, South Carolina. A telegram was received Sunday saying the young Stanley was seriously ill, and Monday news was received of his death.

Philip Stanley was well known in Jacksonville and Morgan county and the news of his death will be received with regret. The remains will be brought to his home near Chapin. No funeral arrangements have been made.

GOOD HEALTH FROM WAR DIETS.

We are all cutting down our meals and eating smaller portions of the foods that must be saved. We are not doing this for better health, but in this case good health is one of the by-products of patriotism. It is true already that a better national health is coming as a result of our voluntary restrictions in diet in order to "eat at a common table" with the Allies.

It goes around in a circle—patriotism, less food, better health, more patriotism.

This cutting down of food is not going to make us thin and weak. Perhaps the majority of Americans have always eaten too much. Doing without rich desserts to save sugar will cure many cases of indigestion, as will also the giving up of frequent afternoon teas.

Cutting down on meat has had a beneficial effect on many people. It has meant fewer dull headaches and fewer diseases caused by a system overloaded with protein foods. Get that patriotic feeling that for your country you must cut down your diet. Then naturally will come a new feeling of alertness and physical well-being, and you will find that you have enough new energy to be a better patriot and work harder in whatever you are doing to help bring about an early victory.

PRIVATE THOMAS WRITES FROM FRANCE.

Robert Sice of Batz Cafe recently received the following letter from Arthur C. Thomas, who is with the army signal school in France. The soldier, who was a resident of Denver, was known to a number of Jacksonville people and has written a number of interesting letters. The last letter reads as follows:

France, Sept. 13, 1918. To My Dear Jacksonville Friends: For the life of me, I do not recall if I have written to you from France. If so well and good, here goes again. If not, my apologies are proffered in true Alphonse-Gaston style.

I have been in France now for two months and you may believe me it is a wonderful experience to see these quaint old towns and villages. In case Mr. Sice is called into service under this new registration, I believe he will have but one regret and that is the leaving of home. As for me, I would not want to miss the excitement for anything. You probably associate death with war; but I believe that 99 per cent of the Americans in France feel that they will return home—and soon. I have spoken to a great number of men who have been "up" to the front. They are all anxious to get there again. Their only complaint is, the irregularity of meals, and that condition is being remedied.

I am in a school a great ways back from the line, in fact, so far back that, were it not for the daily papers and their casualty lists, we would not know there is a war going on. It is a pretty little town where we are located. It has a large cathedral which is one of the points of interest. I have had the opportunity of going all thru it and see more than the superficial area. This little trip was worth a great deal to me. And some day I'll tell you more about it. The town itself is in, or rather on, rolling plains and offers vast opportunities for interesting hikes. The streets are laid out with the regularity of the medieval covenant system in vogue in Boston. Some are wide, others are just wide enough so that a man can touch the curb on each side by extending his hands.

The people talk a mixture of French and English, the latter a "veree lilt," and the soldiers talk English and less French. We all pick up a few phrases which assist in buying a meal at the restaurants. So we get along very amably.

The Y. M. C. A. is giving a course in conversational French, but I am not taking it. The "Y" is doing remarkable work among the men. It furnishes us our home, our recreations, our reading (as does the Red Cross), our delicacies (at a slight cost), our spiritual requirements. Up at the front the Salvation Army and the Red Cross are doing the great things. In the big drive that these various organizations are going to pull off in November, it will be well worth while to support it as much as possible.

For instance, the amusements furnished are manifold, such as movies, amateur theatricals, professional shows, baseball, football, hiking parties, all made possible by the "Y" workers thru the donations of the American public. Last week Horace Wright and wife, (better known as Rene Dietrich) were here in company with several other vaudeville stars and put on a first rate show, much as they have given on the Orpheum or Keith circuits. I had the pleasure of meeting these people at the home of the local Christian Science worker, where they sang a few songs and entertained several of the men who went.

You are perhaps wondering what I am doing, and I'm sorry I can't give the information, but you may believe me it is an interesting branch of the service, and some day I'll tell you about that too.

Fred D'Amour came here a couple of weeks ago and we had the satisfaction of spending some five hours together. He too will have some hair-raising experiences to tell about when he gets home.

This is enough to write. With regards to you all, I remain, Arthur C. Thomas. Army Signal School, A. P. O. 714, American E. F. France.

BACK TO BUSINESS

Lieut. John T. Taylor, son of Mr. and Mrs. St. Clair Taylor of the vicinity of Chapin, ended a fifteen day furlough yesterday and started back to his command the 25th artillery corps at Camp Taylor but he expected on his arrival to be transferred to a cantonment in South Carolina.

Clark Gray son of Mr. and Mrs. E. H. Gray returned last night from Mexico, Mo., where he has been attending a military academy. He came home because of the prevalence of influenza there.

ANNOUNCEMENTS

For County Clerk I hereby announce myself as the duly nominated candidate on the Republican ticket for the office of county clerk, subject to election Tuesday, Nov. 5, 1918. George L. Riggs.

At the recent Republican primary I was nominated for the office of assessor and treasurer and will seek that office at the election in November. Your support will be appreciated. Grant Graft.

I hereby announce myself as a candidate for sheriff of Morgan county on the Republican ticket. I stand for a clean, efficient administration. Vincent R. Riley.

HEALTH DEPARTMENT ASKS ABOUT CONDITIONS

Request Made for Information About Available Physicians and Nurses in Jacksonville.

Mayor Rodgers yesterday received a telegram from Dr. C. St. Clair Drake, director of public health, asking with reference to local health conditions and also as to the possibility of securing nurses and doctors from this city for service in other cities. Mayor Rodgers in a telegram gave the principal facts which were supplemented by a letter. The mayor also outlined what has already been done by Jacksonville health authorities for prevention of a disease epidemic. The telegram from the state board, together with Mayor Rodgers' telegram in reply and his letter follow:

Telegram of Inquiry. H. J. Rodgers, Mayor, Jacksonville, Ill.

Federal and state governments urgently request your immediate reply to the following inquiry by wire collect:

Cases influenza and pneumonia in your city at present. Number of deaths from influenza and pneumonia since influenza first appeared, with date of first death. Number doctors now practicing in your city. Number registered nurses and number of practical nurses. Are medical, nursing and hospital service equal to the demand? Will any of your doctors or nurses volunteer for service in any other Illinois communities, which are in dire need of assistance? Salary for doctors two hundred dollars per month and expenses. Salary for nurses known on application. Answer all questions briefly by wire at once and give full details by mail. Address answer to undersigned.

C. St. Clair Drake, Director Public Health, Hotel Sherman, Chicago, Ill.

One hundred twelve cases influenza, two pneumonia. Deaths one. Began October third. Death October seventh. Twenty three practicing physicians. Seven registered and twelve practical nurses. Medical, nursing and hospital service limited. No nurses or doctors to spare.

H. J. Rodgers, Mayor, Jacksonville, Ill.

Letter Explains Situation. Oct. 14, 1918. Dr. C. St. Clair Drake, Director Public Health, Hotel Sherman, Chicago.

Replying to your wire, up to this evening there were 112 cases of influenza in various stages, reported, and five cases of pneumonia. There has been one death from pneumonia since influenza began to appear here on October third. The one death happened on October seventh. There are now twenty-three practicing doctors in this city. There are seven registered nurses and twelve practical nurses, and three others that are neither registered nor practical. (At the beginning of the war, Jacksonville had some thirty registered nurses, and I don't know how many practical nurses.) We have two hospitals that all available space is occupied previous to this epidemic and the nursing force away below normal, so the medical nursing and hospital service is really insufficient at this time. Thru our health department and the influenza committee of the Red Cross we are preparing and establishing temporary hospital facilities with beds and assistants so that one nurse may supervise numerous cases with ordinary assistance, should the occasion require. Quite a number of our doctors have previously gone into the war service and several others are going in a short time, so we feel that we have no doctors or nurses who have been spared at this time. However, I will publish your telegram in the local newspapers, so that any that may desire to volunteer may have the opportunity of doing so.

Very respectfully yours, H. J. Rodgers, Mayor.

JACKIES BAND DATE CANCELLED.

The Jackies band will not come to Jacksonville next Saturday as had been originally planned. Telegrams were sent out yesterday from the liberty loan organization in St. Louis, stating that because of the increasing danger from epidemic that it had been found necessary to cancel all engagements for the Great Lakes station band.

A PATRIOTIC FAMILY

The family of Patrick Daly will have four stars in their service flag and honorable ones too. David and James are with the Engineers division in France; John is in the machine gun corps on his way ever and Loren is to go to Peoria today to enter a school of military instruction or training. Not many families better than that.

NEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful — Try This!

Thin, brittle, colorless and raggy hair is mute evidence of neglected scalp; of dandruff — a awful scourge.

There is nothing so destructive to the hair as dandruff. It robs hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to link, loosen and die — then the hair falls out fast. A little Dandruff tonight — now — any time will surely save your hair.

Get a small bottle of Knowlton's Dandruff from any drug store or toilet counter, and after first application your hair will take on that life, lustre and brilliance which is so beautiful, will become wavy and fluffy, have the appearance of abundance, an incomparable gloss and tress; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair — your hair — growing all over the top. — Adv.

PATRIOTIC SERVICE LEAGUE

Just at the break of day, in the trenches, the order comes: "Stand by!" and every man leaps to his post of duty, ready for the enemy attack. The order has come to the girls of the P. S. L. In our pledge we say: "I pledge to express my patriotism by rendering whatever special service I can to my community and country." This first means that every girl whose time is her own during the siege of the epidemic should stand ready to serve. We have been asked by the chairman of the food committee to act as food carriers if the need arises. Autos will be furnished by the auto committee and food prepared by the food committee. We deliver the prepared food wherever we are sent. There will be little or no danger of contagion other than we might meet anytime upon the street. We hope the epidemic will not reach such proportions that this will be necessary but we must be ready.

Those who are at liberty to offer service telephone to either Miss Ethel Wylder, at A. T. Capps' residence, Illinois phone 1047 or to Miss Jennie Grassly, Ill. phone 679.

We wish to thank the Journal for the article published in Sunday's issue. It shows that the organ realizes that the P. S. L. is not a mere fad but that the girls of the league are in earnest.

NEW RULES FOR EATING HOUSES

Twelve rules for observance by public eating houses will become effective Oct. 21st, according to a food administration order. They follow:

1. No public eating place shall give or permit to be served any bread or other bakery product which does not contain at least 20 per cent of wheat flour substitutes, nor shall it serve more than two ounces of this bread or more than four ounces of other bread. Sandwiches or bread served at boarding camps and restaurants shall contain 50 per cent or more of pure rye flour are excepted.
2. No public eating place shall serve or permit to be served bread or toast as a garniture or under meat.
3. No public eating place shall allow any bread to be brought to the table until after the first course is served.
4. No public eating place shall serve or permit to be served to one patron at any meal more than one kind of meat. For the purpose of this rule, meat shall be considered as including beef, mutton, pork, poultry and any by-product thereof.
5. No public eating house shall serve or permit to be served any bacon as a garniture.
6. No public eating place shall serve or permit to be served to any one person at any one meal more than one-half ounce of butter, commonly called American cheese.
7. No public eating place shall serve or permit to be served to any one person at any one meal more than one-half ounce of butter.
8. No public eating place shall use or permit the use of the sugar bowl on the table or lunch counter. Nor shall any public eating place serve sugar or permit it to be served unless the guest so requests and in no event shall the amount served to any one person at any one meal exceed one teaspoonful or its equivalent.
9. No public eating place shall use or permit the use of an amount of sugar in excess of two pounds for every ninety meals served, including all uses of sugar on the table and in cooking, excepting such sugar as may be allotted by the federal food administrators to hotels holding a bakery license. No sugar allotted for this special baking purpose shall be used for any other purpose.
10. No public eating place shall burn any food or permit any food to be burned and all waste shall be saved to feed animals or reduced to obtain fats.
11. No public eating place shall display or permit to be displayed food on its premises in any such

Hooray for Banana Peel "Gets-It"

Only Real Way to Get Rid of Corns

Which do you prefer — a corn that pulls or a corn that peels? Butcher or bludgeoned? Only "Gets-It" can get rid of your corn the peel-off way, the blessed way. You don't need a pull.

"Corns Never Trouble Me, I Use 'Gets-It'!"

Why hump yourself up on the floor and with your jaws set and eyes popping from pain jerk and gnaw and cut your corns? Why irritate your toes with some saline or wrap your toes into a big painful bundle with some sticky tape or plaster? Life is too short. Use "Gets-It" — it takes a few seconds to apply and there's no fussing. Corns go. Wear new shoes if you want. Peel off the corn with your fingers — the whole thing, root and all, clear and clean, and it's gone! Only "Gets-It" can do this. Take no chances. "Gets-It" is the guaranteed money-back corn-remover, the only sure way, costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Stores and Luly-Davis Drug Co.

Candy Cathartic is Harmless to Tender Stomach, Liver and Bowels

Your child is bilious, constipated and sick. Its little tongue is coated, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten the youngster right up. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to move the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things.

manner as may cause its deterioration so that it cannot be used for human consumption.

12. No public eating place shall serve or permit to be served what is known as double cream or cream de luxe; and, in any event, no cream containing over 20 per cent of butter fat shall be served.

Elimination of all general bills of fare is recommended, as the great variety of dishes listed necessitates large quantities of meat and other foods which are liable to spoil. The suggestion is also made that names of dishes on menu cards be printed in plain English, actually describing the food, so patrons may know exactly what they are ordering. A standard small menu card is recommended to help save thousands of tons of paper.

Hotels and restaurants are also requested to reduce their use of china, linen, and silver as much as possible in order to help save labor.

No cakes with icings made from cane beet sugar will be served and eating places will economize on coffee, rigid economy in use of ice is demanded.

SAFETY

As dry as everything is at this time, considering the small number of men in the fire department, each citizen should at once rake up their leaves and burn them, so as to avoid possible serious fires. Don't start any bonfires after 3 o'clock p. m., so they will not smoke and cloud the streets at night.

BLUFFS RED CROSS ELECTED OFFICERS

Henry Knoepfel is Chosen Chairman—Bluffs News Notes.

Bluffs, Oct. 14.—At a recent meeting of the local chapter of the Red Cross the following officers were elected:

Chairman—Henry Knoepfel.
Vice-chairman—H. D. Killpatrick.
Secretary—Mrs. Charles Hale.
Member of executive board — Mrs. Thomas O'Brien.

The new officers will be installed Nov. 1st and with \$2228.26 in the treasury the officers will not be handicapped for funds to carry on the work.

Mr. and Mrs. Lee Morris and sister, Mrs. Logan Beavers, were called to Camp Taylor Thursday by the serious illness of the former's son, Raymond, who is suffering from influenza.

Fred Lovekamp and wife were called to Camp Taylor Monday by the serious illness of their son, Bernard, who has since passed away. The remains were brought from there Friday. Funeral services were conducted from the Lutheran church at Neeleys at 12 o'clock today, the Rev. J. Deterding, pastor of the church, officiating.

The body of Carl Englebrecht was expected to arrive in Chapin Saturday. His parents were finally located in Texas and will return for the funeral. On Oct. 8 they started by auto to Texas to take up their residence in that state during the illness of their son and they could not be located.

Several cases of influenza are reported in town. All are in a mild form.

Dr. J. H. Stewart for more than a quarter of a century the leading practicing physician at Exeter, was stricken by paralysis at his

home in southern Texas recently. He is getting along as well as can be expected. He had been in failing health for several years.

COUNCIL MET; DID NOT TALK ABOUT FINANCES

Council Held Unusual Meeting Monday When Nothing Was Said About Finances—Reason, Commissioner Widmayer Was Absent—Water Situation Approaching Serious Stage.

At the regular meeting of the city council Monday morning nothing was said about finances, which was unusual. However, there was a reason for this state of affairs. Commissioner Widmayer was not able to be at the meeting.

One thing that was brought out was the fact that the city is rapidly approaching a serious stage in the water situation. Commissioner Vasconcellos reported that unless there was a lot of rain that in two weeks the supply at Morgan lake would practically be exhausted.

Commissioner Vasconcellos recommended that consumers be given notice to begin at once the curtailment of the use of water until the situation improves.

Aside from this there was only routine business transacted. Commissioner White brought up some stone are stuff when he asked if East State street was going to be paved this fall.

Mayor Rodgers before the meeting began announced that he wanted the ordinance relative to physicians reporting contagious and infectious diseases published so that all physicians would know their duties in the matter of complying with the law.

The council met in regular session Monday morning with all members present except Commissioner Widmayer, Mayor Rodgers presiding, E. L. Pratt, clerk. The commissioner stated that the water in Morgan lake was low and unless rain fell it would be exhausted in two weeks and then there would be nothing but the supply from the north end wells. Mr. Vasconcellos said that the wells were all in good shape and were supplying as much water as at any time in the last two years.

In reply to a question by Commissioner Vasconcellos as to what progress was being made with the proposed new dam, Mayor Rodgers said that so far it had been only possible to get a lease on the ground owned by the state for two years.

"This," said the mayor, "makes it difficult to get financiers to furnish money with which to build water work improvements." That matter was discussed at length and it was the opinion of the council that something should be done soon, but just the manner to go about it was the main question.

Commissioner White reported that he was doing what work he could on the streets with the force of men available. Mr. White also reported that the board of education wanted permission to lay concrete walks across Jordan street to make a passage between the David Prince building and the Springer property. The request was granted with the understanding that the engineer give the proper grade for the walks.

Commissioner Martin called attention to the fact that it was coming the time for fall fires and that it would be impossible to accomplish much with the present personnel of the department. He thought all citizens should be urged to be as careful about fires as possible to avoid any serious conflagrations. The commissioner said that at times with the present force that there were times during the day when only one man was in the department.

Mayor Rodgers remarked that if the horse equipment was being used at the present time that there would not be enough men in the department to curry and feed the horses.

Mayor Rodgers told of the plans that were being made for the care of influenza patients. He said that all citizens should help as the health department could not take care of all the work. The mayor also said that the number of cases of influenza reported was ninety-seven.

He also said that at the present time there were 23 practicing physicians in the city. The mayor reported that it was expected to have the open air school ready for emergency purposes this week.

Mayor Rodgers also reported that the South Main street paving was progressing satisfactorily. Commissioner White asked about the East State street paving and wanted to know if it was to be completed this fall. Mr. White said if nothing was to be done about paving that the Jacksonville Railway Company should be made to repair the pavement which they had torn up.

Mayor Rodgers said that would be done but that there were hopes that the paving could be completed.

Commissioner White was of the opinion that the paving could easily be completed from the railroad to the Woman's College. If this could not be done the street should be closed to traffic to avoid damage suits from the people being injured by the bad condition of the street.

Commissioner Vasconcellos said that the Railway Company should be made to repair the street they had torn up whether it was paved this year or next.

After some other conversation the council on motion adjourned.

VOLUNTEER EQUIPMENT
On account of the epidemic of "Flu" on hand and the future anticipation, and in order to properly care for the sufferers who cannot care for themselves at their homes, the influenza committee of the Red Cross are arranging for suitable and available rooms and quarters that can be secured and furnished with beds and cots for patients. It is not known at this time what the demands for beds will be. It is necessary in this emergency that is common to each of us, that we all behind this precautionary measure.

We will need beds and cots, complete with springs and mattresses, two pairs of sheets, pillows and casings and blankets or quilts that can be washed, wash bowls and pitchers, chairs and small stand tables and folding screens. It means work and sacrifice for the public good. There should be hundreds in this city respond quickly. Who will volunteer to loan or furnish one or more equipments or partial equipments for this emergency?

The supplies loaned will be called for as needed and properly fumigated, disinfected and returned to you in a good, clean sanitary condition. Volunteers will promptly write a letter to H. J. Rodgers, chairman of committee, giving name, address and describing the various articles each will loan. Your name should be attached to each article in a substantial manner, to prevent loss. **DON'T HESITATE. BE PROMPT.**

LIBERTY LOAN WORK.

Charles Fiedler, director of sales of the Liberty loan campaign, is ill at his home on West Lafayette avenue. In his place Dr. G. H. Kopperl has taken up the work. As already indicated, an active campaign will be made in Jacksonville and all over the country this week, with not only the intent but the determination to clean up the Liberty loan allotment. The task is not very great, since more than two-thirds of the amount necessary was secured by practically volunteer subscriptions.

NO MEETINGS.

There will be no meetings of the Passavant Ladies Aid Society until the quarantine for influenza has been raised.

NOTICE TO HUNTERS.

I will allow no hunting with gun or dog on the home place or on my pasture in Spaulding Mound Side Addition. **William J. Kirby.**

RELATIVES MEET AFTER MANY YEARS

Alexander Armstrong and Sister Have Been Separated Fifty Years—Now Enjoying Looking Backward Together.

Away in the north of Ireland, in county Fermanagh, near a beautiful loch lived a faithful agent of Lord Roden. His name was Armstrong and he was of English and Scotch descent while his wife was 100 per cent Scotch and they were the parents of nine children, one of whom died young. Then the father passed away leaving the mother to fight the battle of life alone but she was brave as are those sturdy Scotch-Irish and she didn't pine or complain but went bravely to work. The youngest child, Mary, was a baby in arms and the others were like steps not very far apart.

In 1847, when Mary was two years old the mother oldest son William, a boy well along in his teens and Margaret about twelve, crossed the great sea for they had heard that there were better chances in this land than in the old count. They landed in Canada first and remained there about a year and then the mother followed a brother and sister who lived in Pittsburgh, Pennsylvania.

mother piled her needle till she had enough to enable her to send for the other children. Thomas, Alexander, Susan and Lucy, Samuel settled later in San Francisco. Thomas and Susan stayed in Pittsburgh, Samuel went to San Francisco where he died. Lucy, Mrs. Harmon, lives in Chicago and Alexander lives in this city. Mary, the baby, lives in Pittsburgh ever since the family went there, with the exception of four years. Her name is Benner and she has six children, a son in New York; one an attorney in Pittsburgh, one an independent of steel works in Bethlehem; two daughters who are teachers and one at home.

All of the original family are dead except Lucy, Alexander and Mary. Alexander was born May 23, 1831, so he is well past 87 years of age. About 1856 he went to St. Louis and a little later came to Jacksonville where he helped put in the gas and steam pipes in the new building for the State School for the Deaf. In 1862 he enlisted in Co. 101st Illinois Infantry and fought bravely till the end of the war when he settled again in Jacksonville getting his former position at the State School for the Deaf.

Later he opened up a fitting shop of his own and after that for a good while was the capable engineer of the city water works but for some time he has not been in active business owing to the infirmities of age. The last time he saw his baby sister was nearly thirty years ago when he visited her at the time of the National G. A. R. Encampment at Pittsburgh and was much delighted when in on him a few days she walked in on South Prairie street. She is now seventy-five years of age, nearing the three quarters of a century mark and remarkably active and well preserved. Her husband died about twenty years ago and since that time she has been tenderly cared for by devoted children. She expects to leave today for a visit with her sister in Chicago and will go there to her home in the smoky city of the Keystone state.

SAFETY.

As dry as everything is at this time, considering the small number of men in the fire department each citizen should at once rake up their leaves and burn them, so as to avoid possible serious fires. Don't start any bonfires after 3 o'clock p. m., so they will not smoke and cloud the streets at night.

H. J. Rodgers, Mayor.

MEETING POSTPONED.

The Wednesday Class will not hold the regular meeting this week, postponement having been agreed upon because of the recent health order.

CORPORAL JOHNSON MADE ADDRESSES

Pershing Soldier Heard at Woman's College and Illinois College.

The students at Illinois Woman's college had the privilege of hearing two splendid addresses Sunday given by Corporal Johnson, who has recently returned from the battle front in France. It was thru the courtesy of E. E. Crabtree and C. A. Johnson of the Liberty Loan organization that this was possible.

In the afternoon Corporal Johnson was at Illinois college and made an address which was received with great enthusiasm. Because of quarantine conditions now in effect at the Woman's college a service was held in the social room of the college at 5 o'clock, and it was at this service that Corporal Johnson made his first address. At the urgent request of the college Corporal Johnson was again heard immediately after the luncheon hour. On both occasions the social room was completely filled. The young women sang a number of patriotic songs in a delightful manner and this feature added inspiration to the occasion.

Corporal Johnson told of his experiences from the time he enlisted in Seattle, to the time of the famous retreat during the great German offensive in March. He gave a vivid picture of the heartrending scenes he witnessed in France as the aged and the children were forced to pack up their belongings and travel from town to town to escape the oncoming hordes. Corporal Johnson spent six months in France and now wears a chevron for wounds received in battle. He is a graduate of the Michigan College of Forestry and prior to his enlistment was engaged in government work in Alaska.

The Sunday morning services at the college were in charge of President J. R. Harker and Rev. Mr. Nyanan, President Harker delivering an inspiring sermon. At the meeting of the Young Woman's Christian association in the afternoon a missionary topic, "The International Girl" was ably presented. The services thruout the day were of an especially helpful and inspiring kind.

AN EXTENSIVE JOURNEY.

Mr. and Mrs. E. N. Long of Arenzville were in the city yesterday and Mr. Long is getting ready to go to Hot Springs for a time. They have recently returned from an extended trip thru the west and are much pleased by what they saw. They traveled by auto, going to Omaha and thence to Grand Island, Big Springs and Kimball, Nebraska; Cheyenne, Wheatland, Fiddleback, Wyoming. In this vicinity they saw huge stock ranches, one where there were 65,000 sheep of the long wool variety, each fleece weighing from 12 to 15 pounds. The sheep are tended and rounded up by twelve gangs of men, each gang having a complete outfit of three wagons and living conditions.

At the great Cook cattle ranch they saw 3500 cattle and 700 horses. On the way thither they killed an antelope, a wolf and several prairie dogs. The antelope meat they enjoyed much. From this they went to Caspar and Yellowstone Park, enjoying the wonders of that grand national park. Returning they visited Ft. Collins, Colorado, Larrie City and took several excursions among the mountains going on to Estes Park, Boulder, Idaho Springs, Mount McClellan and Denver. There they concluded they had had enough of auto riding so they sold their machine and returned home by rail.

ORLEANS' FARMERS' ELEVATOR COMPANY

The stockholders of the Orleans Farmers' elevator company held their annual meeting yesterday and elected directors and officers and transacted other business. Messrs. Frank Danneberger, E. L. Richardson and Truiston Davis were chosen directors. The directors then met and chose officers: President—Clark Stevenson. Vice president—Clyde Cox. Secretary and treasurer—Guy Bender.

The elevator was burned some two or three years ago but that loss has been practically met and yesterday a dividend of six per cent was declared. F. F. Bretz of Chicago was present and spoke on the subject of co-operative elevators and is now engaged in auditing the books. The concern is in a healthy condition. The matter of possible rebate to those who have sold grain to the elevator was not taken up.

RED CROSS DIRECTORS WILL BE ELECTED

In Accordance With By-Laws Thirty To Be Named From Sixty—Election Oct. 23.

In accordance with the by-laws recently adopted by the directors of the Morgan County Red Cross association, acting on instructions from their national organization, the executive committee has nominated sixty members of the Red Cross as directors. From this number thirty will be chosen at an election to be held Wednesday, Oct. 23, at the Red Cross rooms in the public library building. The judges of election will be W. H. Dalton, John S. Sheppard and Mrs. O. E. Tandy. The by-laws require that the list of nominees shall be made public in a week before election and the names selected by the executive committee appear herewith. All members of the Red Cross organization not under the jurisdiction of branches in the county are entitled to vote in this election. The chairman of the different branches, by virtue of their offices, are members of the board of directors. Members wishing to vote for directors will later find ballots printed in the Courier and Journal and others can be found later at the Red Cross rooms.

CHRISTMAS GIFTS FOR SOLDIERS

C. S. Richards, of the Novelty Book Shop, Monday explained to a Journal representative his understanding of the manner in which Christmas gifts may be sent to soldiers overseas. Each soldier will be allowed one special sticker, or label, which he will send to his parents or others at home. All presents must be assembled in one package to weigh not more than three pounds, and on which this special government sticker must be placed. Of course this in no way conflicts with the rulings now in effect as to sending parcels to the boys in Europe, but is a wise government ruling to safeguard special Christmas remembrances.

With about two millions of American soldiers overseas it readily will be seen that some such system should be inaugurated. If left to the wishes of relatives and friends at home, two navies would be needed to transport gifts alone, and the boats cannot be spared at this time. It would seem that gifts of money that can be sent in a safe manner and in the hands of the count together with some little reminder of home, will be the proper and suitable thing when all circumstances are considered.

IMPROVEMENTS AT SCOTT'S THEATRE

During the closing of the motion theaters the endeavor to do all possible to prevent a spread of the influenza, Tom Scott is engaged in making some further improvements in his show house. The seats are now being taken out so that a new and better elevation may be given to the floor and the screen will be moved back so that an additional seating capacity will be had, making a total of 100. The new and powerful picture projecting machines have been installed, carrying 70 amperes of power produced by a big new generator. This equipment is the same that is used in the larger theaters in the east. Manager Scott will announce a formal opening later, at which time a new and very beautiful picture will be shown.
